

IAR
INSTITUTE FOR ATHLETE REGENERATION

REGENERATIVE DRY NEEDLING IN SPORTS REHABILITATION

The Institute for Athlete Regeneration offers a superior dry needling course that is truly unmatched in the market. This course covers in depth the major theoretical models of dry needling, and how each model can be individually adapted to the different pain states and soft tissue pathologies specific to the sports population. Upon completion of the course, the clinician will possess an extremely comprehensive intervention strategy that combines dry needling, manual therapy, and exercise prescription into an incomparable treatment model.

Course Objectives:

By the end of this course the participant will:

1. Have sufficient foundational knowledge in the background of DN principles.
2. Have sufficient foundational knowledge in the physiology and mechanics of DN.
3. Have sufficient foundational knowledge in safe and effective DN application.
4. Be able to safely and effectively apply DN in the lumbar and pelvic region.
5. Be able to safely and effectively apply DN in the cervical and TMJ region.
6. Be able to safely and effectively apply DN in the shoulder complex and arm.
7. Be able to safely and effectively apply DN in the hip, leg, foot, and ankle region.

Day 1: Foundations & Spine & Lower Leg	Day 2: Hip / Thigh / Shoulder / Arm
